Type of Move/Haul:

MOVES

- Over Dimensional Move - A single load wherein the Vehicle in question has travelling dimensions in excess, of the size limits as legislated in the Commercial Vehicle and Weight Regulation. Each Vehicle is treated individually. **USE TRAVIS MJ ONLINE PERMITTING SYSTEM.**
- Over Weight Move - A single load wherein the Vehicle in question has axle weights in excess, of the load limits as legislated in the Commercial Vehicle and Weight Regulation. Each Vehicle is treated individually. **USE TRAVIS MJ ONLINE PERMITTING SYSTEM.**
- “Off-Road” Vehicle Move - A Vehicle or combination of Vehicles that are not designated as “ON-ROAD” Vehicles, but are capable of moving on County roadways (excluding “FARM” Vehicles). **FILL OUT THE APPLICATION FORM ABOVE IDENTIFYING “EQUIPMENT MOVE”.**

HAULS

- Intermittent Haul – A haul that consist of a specific to or from location that at times has in excess of 4 loads per day, but at times also have 4 or less loads per day. Typically, these types of hauls only utilize particular sections of County Roadway on a repetitive basis while the routes beyond that point become varied and inconsistent. That section of roadway that receives the consistent traffic as a result of work being completed shall be applicable to the Permit.
DEPENDING ON MAINTENANCE EQUIPMENT AVAILABLE TO THE APPLICANT AND THE LENGTH OF PERMIT REQUEST, THIS COULD BE EITHER A “SHORT TERM PERMIT” OR “LONG TERM PERMIT”. IF NO MAINTENANCE EQUIPMENT IS ACCESSIBLE TO THAT APPLICANT, IT WILL LIKELY BE A “SHORT TERM PERMIT”. IF THE APPLICANT HAS ACCESS TO AND IS CAPABLE OF ROAD MAINTENANCE AND HAUL FREQUENCY IS OVER 20 LOADS PER DAY, IT WILL LIKELY BE A “LONG TERM PERMIT”.
- Single Point Haul – A haul consistently in excess of 4 loads per day to and from specific locations for a defined duration. These hauls shall use the same designated roadway for the duration of the permit.
DEPENDING ON MAINTENANCE EQUIPMENT AVAILABLE TO THE APPLICANT AND THE LENGTH OF PERMIT REQUEST, THIS COULD BE EITHER A “SHORT TERM PERMIT” OR “LONG TERM PERMIT”. IF NO MAINTENANCE EQUIPMENT IS ACCESSIBLE TO THAT APPLICANT OR HAUL FREQUENCY IS LESS THAN 20 LOADS PER DAY, IT WILL LIKELY BE A “SHORT TERM PERMIT”. IF THE APPLICANT HAS ACCESS TO AND IS CAPABLE OF ROAD MAINTENANCE AND HAUL FREQUENCY IS OVER 20 LOADS PER DAY, IT WILL LIKELY BE A “LONG TERM PERMIT”.
- Permanent or Long-term Haul - A haul that occurs on a continual basis year-over-year to or from a common location. Usually attributed to a permanent business that requires material import or delivery. County roadways to be permitted are those that are used repetitively, regardless of the number of loads per day. **FILL OUT THE APPLICATION FORM ABOVE IDENTIFYING “LONG TERM PERMIT”.**

IT IS IMPORTANT TO NOTE THAT THE FINAL DECISION AS TO WHICH FORM OF PERMIT IS ISSUED WILL BE AT THE SOLE DISCRETION OF CAMROSE COUNTY.
