

Personal Preparedness Program Web Page Listing

November 2021

The web pages linked below contain tools and materials to help support community leaders build individual and community resilience. The program materials can complement existing programming, be modified to suit the needs of different audiences, and incorporated into public communication efforts.

The Government of Alberta's personal preparedness program is informed through research and contributions from a variety of subject matter experts. The program is maintained by the Alberta Emergency Management Agency and updated regularly.

Personal preparedness program online library

1. [Hazard preparedness](#) – main web page directory for different hazards in Alberta. These hazard specific pages contain preparedness tips and sharable 60-second videos.
 - i. [What to do before, during and after an emergency](#)
 - ii. [Wildfires](#)
 - iii. [Tornadoes and extreme winds](#)
 - iv. [Floods](#)
 - v. [Power and water outages](#)
 - vi. [Thunderstorms, lightning, heavy rain and hail](#)
 - vii. [Blizzards, freezing rain, ice storms and extreme cold](#)
 - viii. [Pandemic influenza](#)

2. [Emergency preparedness](#) – main web page directory that includes general emergency preparedness information, including results of the preparedness Survey to Albertans, and links to several other pages dedicated to different aspects of preparedness.
 - i. [Build an emergency kit](#) – printable brochures and checklists for individuals and their loved ones, as well as pets, farm animals and vehicles.
 - ii. [Raise awareness in your community](#) – tools and materials for community leaders to help raise awareness on emergency preparedness, such as the #PrepareYourSelfie campaign and the Get Prepared: 60-second Emergency Tip video library.
 - iii. [Emergency Preparedness Week \(EP Week\)](#) – information for community leaders about the annual EP Week campaign, held annually the first week of May. Visit this page to learn how you can participate in next year's campaign.
 - iv. [Make an emergency plan](#) – information to help individuals with emergency planning. Being prepared is different for everyone. Having a plan that meets a households needs can reduce disruption and recovery time.
 - v. [Pet Preparedness](#) – tools and materials to help keep pets safe and comfortable, before, during and after an emergency.

- vi. [Farm animals and livestock](#) – tools and materials to help keep farm animals and livestock safe if required to shelter in place or evacuate.

Features of the online library

- **Translated material.** Factsheets and checklists are available in Arabic, Traditional and Simplified Chinese, Punjabi, Spanish and Tagalog. To access the translated materials, click on the “*Resources and translations*” link on the webpages listed above. High German, Low German and French translations are underway, but if you need French resources now refer to [Get prepared federal website](#).
- **Sharable content for social media.** [Get Prepared: 60 second emergency tips](#) is a video series that provides preparedness information in an easy to digest and easy to share format.
- **Printable fact sheets, posters and checklists.** The one to two page pdf’s can be printed and/or downloaded to share with your networks.
- **Smartphone and tablet friendly content.** The content on these web pages works on all devices.

As our library of resources continues to evolve, we consider diversity, inclusion, and accessibility in order to meet the needs of all people living, working and travelling in Alberta.

Become a Resilience Builder

We share quarterly updates with a network of people who have an interest in building resilience in their community. These updates will keep you informed of what’s new in our program and provide information to help you raise awareness, build resilience and contribute to disaster risk reduction behaviours in your community.

On occasion, we will also share a *Prepare to Respond* email to this same network. *Prepare to Respond* provides timely information on ways to prepare for a potential threat. These emails include a general preparedness message that ties to current events. They can be quickly edited by you and shared with your network so you can keep them informed and motivate preparedness action.

If you would like to join the Resilience Builder’s network or have feedback on the preparedness program, please email aema.stakeholders@gov.ab.ca

Who are we?

Strategic Partnerships and Public Education *is a team within the Alberta Emergency Management Agency, a department of the Ministry of Municipal Affairs. Our work involves collaboration with Ministry and community partners to develop inclusive resilience building programming to meet the diverse needs of all people living, working and travelling in Alberta. Through research and partnerships, we create public education tools and materials for anyone looking to encourage and motivate their communities to become more resilient to disasters, emergencies and disruptions.*
